

**REMARKS**

The Notice of Allowability, mailed on February 15, 2012, indicated that corrected drawings must be submitted that include the changes required by the Notice of Draftsperson's Patent Drawing Review dated February 21, 1996. The foregoing amendment to the specification updates the description of the figures in view of the replacement drawings (submitted concurrently with the Transmittal of Replacement Drawings). In particular, because the font in Figures 1, 4, and 6 was increased in size, thereby increasing the number of sheets. This amendment is submitted to correct only formal matters, and does not add new matter to the application. Applicants respectfully request entry of this amendment under 37 C.F.R. § 1.312.
